INDEX TO ST. ANDREWS BURGH SCHOOL REGISTER OF ADMISSION AND WITHDRAWAL, 1898-1909

BY MICHAEL PATERSON, July 2010

I/A/6 This is an index to the register of admissions and withdrawals to St. Andrews Burgh School, 1895-1909. It is the earliest register we have for the school. Many of the children were moving up from the East and West Infants School at the age of 8. We have two registers for the Infant Schools although they are too late to have any information about pupils that went to the Burgh school at this time.

The register was damaged by mould and damp. Some of the pages and some parts of pages have been lost due to that fact. The very last page of the register was lost. It contained some leaving dates and the reason for leaving for the last few pupils. There are some other areas in the register where damage has led to a small loss of information.

Before coming to the Archive Centre, the register was repaired and rebound by Riley, Dunn and Wilson Ltd in 2007-8 and is now fit for production.

This is what a typical page would look like:
